SeaDek®

Referral Program

Working with you and your clients to provide a premium custom design experience!

COMFORT

With the innovative ability to adhere to any style of boat, SeaDek is proven to deliver maximum comfort and a better, longer-lasting marine flooring solution. The fact that it is stain resistant makes it second to none!

QUALITY

Our non-slip, skid-resistant decking material is built for the harshest climates. Tested and rated for 8+ yrs of wear in the Florida "Sun + Salt" year long climate, SeaDek gives you steady traction, comfort and peace of mind for a long lasting product.

CUSTOM

This high-performance closed-cell EVA foam can be applied almost anywhere. Choose from a variety of options from colour combos, logos to classic or unique design patterns. You work with our designers to create a fully unique custom floor.

3 year limited warranty included.

SeaDek is engineered to withstand the hottest, saltiest, and most punishing conditions that the marine environment can dish out.

Our process..

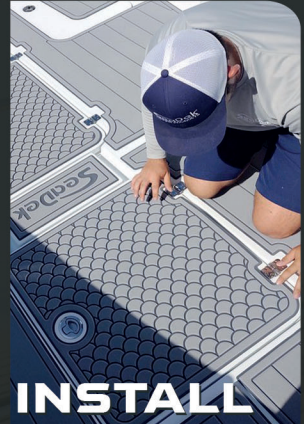

We pride ourselves on being fast and efficient right from the start of your quote to the final install of your new floor!

SCAN

DESIGN

INSTALL

Attention to detail from start to finish!

QUOTING PROCESS

Our attention to detail starts from the very first quote. We gather as much information we can on your floor layout using online specifications and an ever growing database of existing templates to provide you with the most accurate quote without ever stepping foot on your boat.

DESIGNING YOUR FLOORING

After your digital scan is complete we work closely with you to design and plan the layout of your new floor. This includes an array of options like colours, patterns, logos and panel arrangements. From classic faux teak lines to fully custom floor patterns, we can create and design anything you can dream up!

SCANNING YOUR BOAT

At Luxe Marine, we never use preexisting templates outside of the quoting process. Each boat is digitally scanned using a unique 3-D plotting and scanning tool. Scanning each boat individually ensures your new flooring is accurate and has a laser tight fit.

INSTALLING YOUR SEADEK

The final step and the most important, we return to prepare and install your new flooring. Our installers are trained to align and layout your new flooring so that both the patterns and textures line up perfectly, but also it is sealed and ready for the water. Luxe Marine's attention to detail on the installation ensures a visually stunning and long lasting product.

We are 100% mobile. On land or water, we come to you!

Partner Programs

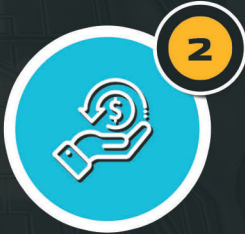

Choose one of our three partnership program options to best suit you and/or your business.

1 Client Discount

Our Client Discount program empowers your customers to enjoy the benefits of Luxe Marine's premium Seadek installations at an exclusive 10% discount. By working directly with us, clients receive personalized attention and expert guidance throughout the entire process, ensuring their satisfaction from start to finish. This program not only enhances the value of your services but also incentivizes customers to choose you as their trusted partner for all their marine enhancement needs. Luxe Marine would set you up with a referral code that can be passed along to your clients. Don't worry, we still want to thank you personally as each referral will earn you \$50 gift card of your choice.

Popular with: Marinas + Clubs, Social Influencers, Marine Staff, Charters

2 10% Partner Kickback

Our Partner Kickback program offers a scalable and rewarding opportunity for businesses to earn with Luxe Marine. For the first 5 boat referrals within a year, partners receive a 10% of sale (pre-tax) referral bonus. As your referrals grow, so do your rewards—earning you 15% for boats 6 through 15, and an impressive 20% for every referral beyond 16+ within the same year. This flexible structure ensures that your efforts are duly recognized and incentivized, while keeping you hands-off of the actual clients project and it's management. Basically, you send us the client, and we take it from there and you get paid!

Popular with: Marine Mechanics, Boating Supply Shops, Outdoor retailers

3 Wholesale Pricing

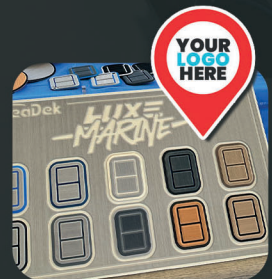

Experience the advantages of discounted Seadek rates while retaining control over your client relationships. With wholesale pricing, partners have the freedom to engage directly with their clients, providing customized solutions and personalized service. Earn a competitive 10% discount on the first five boats sold within a year, escalating to a 15% discount for boats six through fifteen, and an enticing 20% discount for every boat sold beyond fifteen within the same year. This model allows you to work your own pricing, billing and margins with the customer, while letting us take care of the project completion.

Popular with: Marine Dealerships, Marine Resellers

+FREE!

Custom logo Seadek display board

As a token of our appreciation for your partnership, we offer each partner a custom display featuring your company logo prominently displayed alongside a curated set of Seadek sample colours. This custom showcase serves as a powerful marketing tool, captivating potential customers with a tangible representation of the quality and craftsmanship of the product.

Why work with us?

Quality, speed and customer satisfaction make us Ontario's premier Seadek option!

Professionalism

Customer service is our focus!

At Luxe Marine, professionalism isn't just a buzzword; it's the cornerstone of our business ethos. We understand the importance of seamless communication, punctuality, and attention to detail when it comes to serving your clients. From our courteous and knowledgeable staff to our meticulous installation process, partnering with us means entrusting your valued customers to a team that prioritizes professionalism every step of the way. This also doesn't stop after the project is complete. We are here to help in maintaining your client's Seadek in the many years after!

Superior Designs

Design is everything, and its our speciality!

Luxe Marine takes pride in offering more than just off-the-shelf design solutions; we specialize in crafting Seadek designs from scratch without the use of pre-existing templates that reflect the unique personality and style of each client. With 20+ years of creative design experience, we guarantee one-of-a-kind Seadek installations that captivate attention and elevate aesthetics. From intricate patterns to personalized logos, we work closely with both you and your clients every step of the way, making the design process seamless and enjoyable.

Speed & Quality

Our turnaround times are unmatched!

The marine industry is notorious for long turnaround times. Luxe Marine understands the urgency of delivering top-notch Seadek installations promptly without sacrificing craftsmanship. Our streamlined processes and commitment to excellence ensure that your clients receive the highest quality results in a more than timely manner, allowing them to enjoy all the benefits of Seadek without the wait times! When you partner with Luxe Marine, you're choosing a team that values both speed and quality as non-negotiable pillars of customer satisfaction.
